THE TIMES.

A. H. CLEMENT Editor.

WEDNESDAY, NOV. 14, 1906.

An impudent "nigger" up in New Jersey got saucy because "niggers" were not invited to join a white folk's singing class. In Washington they are becoming so offensive that the police have orders to clean them out, and President Roosevelt has just confirmed an order dismissing a batallion of them in disgrace from the army. Verily they are "sowing the wind and will reap the whirlwind." The white men and the red men couldn't live together neither can the white men and the yellow men, and the time seems to be approaching when the same will be true of the white men and the black men. The "nigge " preachers especially up north, seem to be at the bottom of all the devilry.

Wisconsin has a pale lobbyist in her employ, and Wisconsin has a full treasury and is relieving her people of the tax burden. May be Virginia could make good use of one. As we understand it this trained parliamentarian and expert politician is always on hand to guard the State's interests, and that means the interests of all the people of the State, against sharpers from without and from within. He is the confidential advisor of the numbers and is ready for emergencies. Such an agent "honest and capable" would be worth his "weight in gold."

The one hundredth anniversary of the birth day of Gen. R. E. Lee occurs on Saturday, January 19th, 1907 and the ladies of the Confederate Memorial Literary Society, of Richmond have already inaugurated a movement to make the occasion a memorable one. The people of the Southland will give heart and soul to make it more than memorable, and while honoring the memory of the great captain will get new inspiration for better living as they recall his life of devotion to duty no matter at what cost or sacrifice.

Adjutant Gen. Anderson is to be commended for the interest he is taking in our soldier boys. They are entitled to the best guns, best clothes and best of everything. The outh without a well-armed, well-drilled body of white soldiers would'nt be a safe abiding place for decent people. Once a year the companies of every portion of the State should enjoy weeks of outings and the expense should be cheerfully borne by the people of the respective communities over whom they hold the shield of protection.

Attorney-general Moody has been given a position on the Supreme Court. This means two judges on the Bench from Massachusetts, while there are two cabinet officers from Iowa, with the South still unrepresented in either position. This is'nt in keeping with good conscience and utterly unworthy a great and good man. If we felt towards the South as this action on the part of Mr. Roosevelt indicates that he does we would'n eat a Virginia turkey.

When fortunes are unhealthily swollen there must be unhealthy causes for it; and the best plan is to remove the causes. So says the editor of the Saturday Evening Post, and so saying he sounds the death knell of the G. O. P. It is without question the cause of all our National woe. We use the word ALL advisedly.

Well the elections are all over and some have won the prizes and others lost them, but you and I have to go on making bread and meat in the same old way and under the same old conditions. The "sweat of the face" is the curse that followed sin and it remains in full force and effect.

Senator Martin is now vice president and general counsel for a railroad. A busy man always has time to do something else. Take care, Senator, and avoid becoming a servant of a corporation while you are in the employment of the people.

President Roosevelt cannot justify his conduct in sending members of his cabinet through the country urging this "policy" upon the people. Those officials are paid to stay in Washington, and not to do this is to violate their oaths of office.

Old man Depew boasts of returning to his seat in the Senate as though he expected a royal welcome. He must imagine that the American people are afflicted with a bad case of short memory.

IN MEMORY.

Still another hero of the loved and lost cause, has crossed over the river, and joined the great bivouac of the mighty dead.

Died on the 23rd day of October 1906 at the home of his nephew R. B. Kyle in the county of Amherst Capt. Hudson Bethel aged 80 years. The lamp of life just slowly flickered out without a pang. We knew the deceased from our earliest boyhood, and can truthfully say, he was one of the purest, best men in all the relations of life, we ever knew. A courtly and knightly specimen of the high-toned old Virginia gentleman, now passing away. But he so lived that when summoned to join the innumerable caravan, ever marching on, to the great beyond he did not go like the galley slave driven to his dungeon, but rather as one who draws the drapery of his couch around him, and lies down to pleasant dreams.

Peace to his ashes.

WHY A FARMER SHOULD KEEP A BANK ACCOUNT.

Farmers as a rule do not keep books of accounts. Their accounts therefore, on the ledger of a bank will afford them a complete record of all their important transactions, involving the payment or receipt of money. A cancelled check, when returned by the bank, at the end of the month, constitutes the safest receipt one can have for showing the payment of money. Paying a laborer, a store account, or any other bills, with a check drawn on a bank, is safer than using money: be sure the person receiving the check must endorse it and the check should be preserved as a receipt.

Money deposited in a bank is not so easily or so often "Fooled away" as when carried a day in ones pocket. Try the experiment for one year of keeping a bank account and see if it does not pay you.

A large number of the most reliable farmers, in this section, have accounts with us. We are very desirous of having the accounts of farmers on our books an we will be glad to furnish, at any time whatever information we can in regard to the subject of banking.

The persons who open accounts with us are furnish check books free of cost.

Every Two Minutes

Physicians tell us that all blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood rich. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. You get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Sportsmen have been diligent looking up Bob White and family but few have had any succes. Messrs. D. J. Walker and W. D. Thornhill, with the help of their fire and faithful dog succeeded in killing 44 birds, 13 rabbits 4 squirrells and a fat fox. Why birds so scarce is something of a mystery as great numbers were seen after hatching time.

Mrs. N. A. Scruggs and Miss Willie Bell spent a week at the home of Mr. Hamersley at Manteo.

Though the tribute in your paper to the lamented Dr. Julian Abbitt was complete, beautiful, yet I feel that I must add a few lines to express my appreciation and admiration for him. He was brave, true, generous, genuine and patient. None knew him but to love him. None named him but to praise. A noble manly life is ended. He devoted wife and affectionate children have the love and sympathy of the writer. May they all be reunited in the "Spirit Land."
